**Subject:** FW: FREE Engineering Camp @ Univ of Houston, June 3- 15

***Per Bro. Jerome Weems.....***

I am writing to you because I need your help in getting students in a FREE engineering camp, June 3-15, 2007. I need students that are currently in the 11th grade to attend a FREE engineering camp at the University of Houston.

We need more African-American students. Please advise your student body and have them to mail in applications by April 15, 2007 at the address listed on the brochure. If you need further information please contact John Matthews, 713-743-4226.

This camp is coed. I am the Head Counselor. Students in this camp have been known to get summer jobs for college just for being in this camp. Help students help themselves. This camp helps students develop good study habits and learn about the various facts of engineering careers. I apologize for the last minute notice, but I just learned that we were short of African-American students. We need at least 15 more students or we will lose funding for next year's camp. Please help us keep this camp alive.

Students are welcome from anywhere in the United States. Transportation is not provided, but the camp is free. We will pick up and return out of town students to the bus station, train station or airport for free. Contact your relatives. Thank you for your help.

Here is the Website:
